PROFESSIONAL SUMMARY

Computer Science (Computer Security) graduate with hands-on experience in Linux system administration, web development, cybersecurity, networking, and IT support. Strong technical foundation with practical experience in Python, Git, Linux, Wireshark, and Nmap. Experienced in developing and maintaining websites using HTML, CSS, JavaScript, and React. Strong analytical, troubleshooting, communication, and problem-solving skills, with the ability to learn and adapt to different IT environments. Seeking an entry-level IT position where I can apply my technical knowledge and contribute to the organization's IT operations.

TECHNICAL SKILLS

Operating Systems: Windows 10/11, Kali Linux, Ubuntu Linux

Programming: C++, Java, Python

Web Development: HTML, CSS, JavaScript, React

Version Control: Git, Github

Networking: TCP/IP, DNS, DHCP, SSH, SFTP, RADIUS, Network Troubleshooting

Cybersecurity: Wazuh SIEM, Wireshark, Nmap, Security Hardening

Database: MySQL, Oracle

Microsoft Technologies: Microsoft 365, SharePoint, Power Apps

Virtualization: VMware, Oracle VirtualBox

IT Support: Hardware & Software Troubleshooting, Remote Support, User Account Management

PROFESSIONAL EXPERIENCE

Web Developer Trainee

Mar 2026 – Aug 2026

Centre For Research & Innovation Management

- Developed and maintained the official company website using Joomla CMS and YOOtheme Pro, ensuring consistent performance and structure.
- Customized templates, layouts, menus, and UI components to improve user experience and website responsiveness.
- Managed and updated website content, ensuring accuracy, consistency, and alignment with organizational standards.

IT Help Desk Support

Oct 2022 – Mar 2023

Teras Teknologi Sdn Bhd

- Provided first-level technical support for hardware, software, network, and user account-related issues.
- Performed user account administration including password resets, access control, and account security management.
- Developed an IT Support Ticket Management System to automate ticket submission, tracking, and status management, improving operational efficiency.

EDUCATION

Bachelor of Computer Science in Computer Security with Honors

2023 - 2026

Universiti Teknikal Malaysia Melaka

Diploma of Information Technology in Digital Technology

2019 - 2023

Politeknik Sultan Mizan Zainal Abidin

AWARDS

- **Dean's List Award** – Politeknik Sultan Mizan Zainal Abidin (Awarded every semester, Diploma Programme)

PROJECT EXPERIENCE

Joomla Website Design & UI/UX Implementation 2026

- Designed and developed a responsive website using Joomla CMS and YOOtheme Pro, focusing on usability, accessibility, and responsive design.
- Customized templates, layouts, menus, and page structures to improve navigation and user experience.
- Optimized website performance, mobile responsiveness, and cross-browser compatibility.

Linux Server Deployment & Security Configuration 2025

- Deployed and configured a Linux server environment for secure network services and system administration.
- Configured SSH, SFTP, RADIUS, and Wazuh SIEM to support secure remote access, authentication, and security monitoring.
- Implemented system hardening techniques, including firewall configuration, user permission management, and secure authentication.

IT Support Ticket Management System 2023

- Developed an IT support ticket management system using Microsoft Power Apps to streamline incident and service request management.
- Integrated the application with Microsoft SharePoint Lists as the backend database for centralized data storage and retrieval.
- Implemented CRUD (Create, Read, Update, Delete) functionality for efficient ticket management.

End-User IT Support & System Maintenance Project 2023

- Provided technical support for Windows 10/11 systems, resolving hardware, software, and network-related issues.
- Performed software installation, system configuration, antivirus management, and routine preventive maintenance.
- Utilized remote support tools such as AnyDesk to troubleshoot and resolve user issues efficiently.

CERTIFICATIONS & TRAINING

Networking & Cybersecurity Training:

- Cisco Networking Academy - Networking Basics
- Cisco Networking Academy - Introduction to Cybersecurity

Programming & Software Training:

- Programming Hub - Java Programming
- Programming Hub - JavaScript Advanced

LEADERSHIP & ACTIVITIES

Registered Futsal Referee 2025
Melaka Football Association

Registered Football Referee 2024
Melaka Football Association

LANGUAGES

- **Malay (Bahasa Malaysia)** - Native Proficiency
- **English** - Professional Working Proficiency
