## PROFESSIONAL SUMMARY

---

Computer Science (Computer Security) graduate with hands-on experience in IT support, web development, Linux server administration, and cybersecurity. Experienced in troubleshooting hardware, software, and network issues while developing responsive websites using Joomla CMS and YOOtheme Pro. Familiar with Linux server deployment, Wazuh SIEM, networking fundamentals, and end-user technical support. A fast learner with strong analytical and problem-solving skills, seeking opportunities in IT Support, Network Engineering, SOC Analysis, Junior Web Development, or Data Analysis.

## TECHNICAL SKILLS

---

**Operating Systems:** Windows 10/11, Kali Linux, Ubuntu Linux

**Programming:** C++, Java, Python

**Web Development:** HTML, CSS, JavaScript, React, Joomla CMS, YOOtheme Pro

**Networking:** TCP/IP, DNS, DHCP, SSH, SFTP, RADIUS, Network Troubleshooting

**Cybersecurity:** Wazuh SIEM, Wireshark, Nmap, Security Hardening

**Database:** MySQL, Oracle

**Microsoft Technologies:** Microsoft 365, SharePoint, Power Apps, Power BI, Excel

**Virtualization:** VMware, Oracle VirtualBox

**IT Support:** Hardware & Software Troubleshooting, Remote Support, User Account Management

## PROFESSIONAL EXPERIENCE

---

### Web Developer Trainee

Mar 2026 – Aug 2026

*Centre For Research & Innovation Management*

- Developed and maintained the official company website using Joomla CMS and YOOtheme Pro, ensuring consistent performance and structure.
- Customized templates, layouts, menus, and UI components to improve user experience and website responsiveness.
- Managed and updated website content, ensuring accuracy, consistency, and alignment with organizational standards.

### IT Help Desk Support

Oct 2022 – Mar 2023

*Teras Teknologi Sdn Bhd*

- Provided first-level technical support for hardware, software, network, and user account-related issues.
- Performed user account administration including password resets, access control, and account security management.
- Developed an IT Support Ticket Management System to automate ticket submission, tracking, and status management, improving operational efficiency.

## EDUCATION

---

### Bachelor of Computer Science in Computer Security with Honors

2023 - 2026

Universiti Teknikal Malaysia Melaka

### Diploma of Information Technology in Digital Technology

2019 - 2023

Politeknik Sultan Mizan Zainal Abidin

## AWARDS

---

- **Dean's List Award** – Politeknik Sultan Mizan Zainal Abidin (Awarded every semester, Diploma Programme)

## PROJECT EXPERIENCE

---

|                                                                                                                                                                                                                                                                                                                                                                                                                                    |      |
